Aldine ISD: Human Sexuality & Abuse and Neglect Education

Complying with the Texas Education Code §28.004 and Board Policy EHAA(LOCAL), Aldine Independent School District will implement the curriculum listed below to teach human sexuality, in addition to abuse and neglect topics. The middle school and high school curriculum was voted upon by the School Health Advisory Council (SHAC) on March 29, 2022. The Aldine board of trustees approved the curriculum recommended by the SHAC, demonstrating confidence in the curriculum being offered to students in Aldine ISD.

Each campus will send out a consent letter at least 2 weeks prior to teaching of the curriculum, requiring the parent or legal guardian to opt-in for the student to participate in the curriculum.

Elementary Resources

Quaver Health•PE will be used to deliver TEKS correlated instruction regarding abuse and neglect. All lessons are developmentally, and age-appropriate that encourage parental support. For any additional information on Quaver Health•PE please contact Carlie Phillips.

The video *Always Changing* will be used to help students be aware of the physical and emotional changes of adolescence. Students will be separated by gender and watch the video of their same gender, led by staff personnel who have received health training.
-Video to be shown to girls who have turned in a consent form.
-Video to be shown to boys who have turned in a consent form.

Middle School Resources

Goodheart-Willcox will be used to deliver TEKS correlated instruction regarding human sexuality, abuse and neglect. All lessons are relevant, age-appropriate resources encouraging parental support. The content has been reviewed by professionals, ensuring each lesson is engaging and inclusive of all learners. If you have any questions in regards to Goodheart-Willcox content, you are able to contact Customer Support.

High School Resources

Goodheart-Willcox will be used to deliver TEKS correlated instruction regarding human sexuality, abuse and neglect. All lessons are relevant, age-appropriate resources encouraging parental support. The content has been reviewed by professionals, ensuring each lesson is

engaging and inclusive of all learners. If you have any questions in regards to Goodheart-Willcox content, you are able to contact Customer Support.

Opt-In Policy

In order to receive instruction on any of the lessons listed above, parents or legal guardians must return the signed consent form that is given by each campus Health and Physical Education teacher. Parents or legal guardians are allowed to review any of the above material by contacting Carlie Phillips for Quaver Health•PE, and Goodheart-Willcox Customer Support for GoodHeart-Willcox. If you believe that Aldine ISD has violated Texas Education Code §28.004, you are able to file a grievance complaint pursuant to Board Policy FNG(Local).

Thank you for continuing to work with Aldine ISD to ensure all students have the best resources to have limitless opportunities.
