Aldine ISD
Pre-K Family Engagement Plan
Aldine ISD Early Learning Department has a firm belief in parent empowerment and involvement in our PreK and Primary Schools across the district. In the 2021-2022 school year Aldine developed the Aldine ISD Early Learning framework. In this document one of the three pillars of the framework that now guide Aldine ISD is: Family & Community Engagement and Partnerships. Within this pillar, it is our belief that through family and community engagement and partnerships that:

*Primary student success depends on family partnership and lays the foundation for family engagement in elementary, middle, and high school. In order to develop strong family partnerships, we are committed to creating equitable access to communication and information, creating opportunities for families to actively support their child’s learning, and elevating family voice in decision making.*
In Partnership with families, students will be supported to...

- Come to school ready to learn every day
- Feel safe and contribute to safe environments
- Respect themselves, their classmates, and teachers
- Use their voice to express wants, needs, feelings, and ask questions
- Work and collaborate with others
- Develop knowledge and skills across learning domains, including social emotional and executive functioning
- Be confident, curious and inquisitive, courageous, and open minded
- Engage in developmentally appropriate learning activities with opportunities for purposeful play and student-led exploration
- Persevere in their learning
Aldine ISD Early Learning Vision Statement

Aldine ISD will provide developmentally appropriate and equitable learning experiences for every primary student that support the whole child to ensure a foundation of choices and opportunities for lifelong success and a love of learning.
Aldine ISD Early Learning Department partners with the Aldine ISD Family and Community Engagement Department (F.A.C.E) to support our Early Learning Parents and Families. Please visit the F.A.C.E. website for more detailed information about initiatives and events that promote Family Engagement.
